TONTOQUONIAN

I know that we will never change, 'cause we've been friends through rain or shine for such a long, long time Gordon Lightfoot

You just call out my name and you know wherever I am I'll come running to see you again Winter, spring, summer or fall All you have to do is call And I'll be there You've got a friend.

Carole King

the only way to have a friend is to be one. Ralph Waldo Emerson

Never say goodbye to a new friend just wish them well 'till you meet again. jonivan

There are no such things as strangers, only friends that we have not yet met.

Anonymous

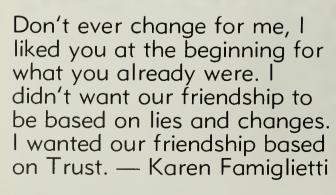

Accept me for what I am, so I may learn what I can become.

Friendship is one of life's greatest pleasures.

Friendship is the only cement that will ever hold the world together.

Woodrow Wilson

It's so nice to meet an old friend and pass the time of day. Gordon Lightfoot Heart for heart, and soul for soul . . . let us be for ever friends. Franz Liszt

Blayne Laskey

Remember Blayne, we love you so,

For all the courage you would show.

Even when you were feeling down,

You wore a smile, never a frown.

Never once did you have a complaint,

You weren't only a friend, you were a Saint.

We were lucky to have a classmate like you,

so friendly and so kind.

But Heaven needs you also,

For people like you are hard to find.

We'll miss you, your laugh, your smile, your fun,

Love from the class of "81"

A friend is the only person in the world without any exceptionto whom you can tell all that your heart contains.

MOVING ON

Kiss me goodbye, Hold back your tears, Wish me well, Don't voice your fears, This is it-I'm on my way, Today is gone, Tommorrow is a new day. I can't stay here to wait For my ship has come in. I know it's coming, I'm not sure when. I'm running to meet it, My arms open wide. This is life, it's for the living. I'm not going to hide. So wish me luck, Please try to see, I don't love you less, I just have to be free.

GOING BACK

If you could go back,
for a single day,
to something you recall,
with a special brightness ...
a special glow ...
the happiest day of them all.

Well I would wish you, that wonderful day, to savor fully and then, the power to live it, and bring it back, whenever you want it again!

You are a free person,
I am so happy because,
in your freedom, you chose me, to be your friend.

Friendship is the only cement that will ever hold the world together.

"Thanks alot!"

The Bee Gees!

"Get away!"

"What's the latest?"

"Check her out!"

"Well excuse me!"

Under the leadership of first year coach, Dave Soper, the Saugus High Basketball Team posted it's most successful ever by winning 15 of their 20 games. The Sachems, led by captains Greg Peach and Dave Adams displayed a tough defense and well rounded offense which guided them to a State Tournament. Successive last victories over Winthrop, Marblehead, and English added to the year's excitement. Along with an impressive win over Lowell in the States, before losing to a powerful Andover team.

The inaugu

The year opened with shadows looming, but there were many obstacles we conquered. Iran freed 52 of our American hostages, we witnessed two natural disasters, the eruption of Mt. St. Helen's and the earthquake in Italy. The world was shocked by the brutal murder of John Lennon. With the tradgedies we had the

triumphs. The Voyager I reaching Saturn and our U.S. hockey team winning the gold medal and America giving a new home to Cuban refugees. We shall witness the rise of a new president and the continuation of the decade of the 80's and the hope of our generation in 1981. It is truly our beginning.

It was a long, rough road, but we made it to the end. I could not have done it without you guys and all of your support and dedication. We laughed and cried together, it is something we will never forget. May I wish you the best of everything in the future. You deserve it.

Thanks Again. Your friend always, Darlene 81

DAYS OF OUR LIVES | Discover Colleges

CATCH COLLEGE:
SPINION SUPPRISES

As we grow up we have to face the future and put our high school days to the back of our minds. Those days will be the best memories of our lives, but we can always smile as we look back while we are tackling problems, making decisions and enjoying life's surprises today. Although we will all be seperated, we are still united as the class of 1981. Carry the spirit and may we be forever friends . . .
